

# VESTIGE

Vestige is a collection of uniquely beautiful stones, deeply brushed for a textural finish that accentuates their natural veining. The collection includes Cloud limestone, with soft shades of beige grey and subtle lines; Ash limestone, with rich taupe tones and linear veining; Zebrano marble, with rivers of deep burgundy on a background of varied olive-gray; and Carbon Grey, a light pewter grey stone with medium grey striation. Each stone in the collection carries Vestige's trademark deep, smooth texture, for a finish that's tangible to the eye and inviting to the touch.
